## ABOUT THE STATE.

Items of Interest Gleaned From Our  
Exchanges.The condition of ex-Gov. G. W. Hendon  
of Morrisville, who has been ill, is im-  
proving.Hon. G. Alexander of Londonderry  
has recently received a patent on a cooling  
attachment for explosive engines.Andrew Wylie died recently at his  
home in South Bygate from the effects  
of injuries suffered by being kicked by a  
horse.The Rev. Dr. Robert J. Nevin, rector  
of the American Protestant church in  
Rome, Italy, for thirty-seven years  
who died suddenly Friday in Mex-  
ico City, was instrumental in the pur-  
chase of the Marsh library for the Uni-  
versity of Vermont, Burlington.Prof. George E. Stone of the Amherst  
(Mass.) Agricultural College, who has  
been examining shade trees in Burling-  
ton to determine the cause of their  
death, reports that some of the trees  
were probably killed by escaping gas  
while others show no signs of gas poi-  
soning.Mrs. Edward Wells of Burlington was  
painfully burned by exploding gas Fri-  
day. Entering one of the rooms she de-  
tected the odor of escaping gas, but,  
without realizing the threat in the  
room, ignited the gas in the chandelier  
with the electric spark attachment. An  
explosion followed and Mrs. Wells was  
enveloped in flames. A maid, who was  
summoned by Mrs. Wells' cries for help  
extinguished the fire with water, but  
Mrs. Wells was severely burned about  
the face and hands. She was slowly re-  
covering from the injuries yesterday and  
no serious results are anticipated.

## Completes Long Army Service.

Col. William M. Wallace, who was re-  
lieved a few weeks ago from the com-  
mand of the military post at Fort Ethan  
Allen, with Mrs. Wallace, has gone to  
San Diego, Cal., to reside. Colonel Wal-  
lace will retire October 2, having com-  
pleted forty years of continuous service  
in the army.

## Freight Conductor Fatally Injured.

A fatal accident occurred in the rail-  
road yard in Brantree Friday afternoon  
which resulted in the death of Frank  
Hatchelder, a freight train conductor. The  
train was running between Northfield and  
White River Junction. On making up  
his train it was necessary to couple part  
of the train to a car with a broken draw-  
bar and when he stood between the cars  
to fasten the necessary chains the broken  
draw-bar allowed the moving  
section to plow right into him, crush-  
ing him. The injured man was at one  
time taken to Randolph, where he was  
given medical attention at the home of  
Dr. C. J. Russell, but he was so badly in-  
jured that death resulted at 9:30 o'clock  
Saturday morning. Mr. Hatchelder is  
survived by his wife who is ill, and three small children.

## To Inspect Proposed Route.

The automobile trip to Newport to be  
made by a committee on the Morrisville  
road of looking over the route for a possible  
change of route, is scheduled for next  
Thursday, September 27. It is expected  
that seven or eight machines each carry-  
ing four men will make the run. They  
will leave Morrisville with a sufficient  
number of vacant seats to provide for  
certain gentlemen from towns along the  
line who will join the party. Representa-  
tives of Boston and Vermont daily  
newspapers will go along also, leaving  
Morrisville not later than 8 a. m. and  
reaching Newport not later than 1 p. m.  
Dinner will be had, probably at the New-  
port House, and departure from Newport  
on the return journey, which will take a  
different route, will be made about the  
middle of the afternoon. As good weather  
is essential to such a trip, it will not  
be made on the date given unless favor-  
able conditions prevail.

## NEWSPAPER ADVERTISING PAYS.

The Cigar Business of O. C. Taylor &  
Co. Makes a Record.A representative of this paper had a  
talk with O. C. Taylor of the well known  
tobacco firm of O. C. Taylor & Co., of  
Burlington, Vt., the other day and se-  
cured information that should be of in-  
terest to every tobacco user of this sec-  
tion."We have been in business many  
years," said Mr. Taylor, "but during all  
this time we have not enjoyed the busi-  
ness we have this season. We attribute  
it to two things. First, in the quality  
of goods we put out, and second, to the  
good results we have obtained  
through newspaper advertising.""Take our Golden Wedding cigar. Our  
Golden is another illustration of how  
well the public recognizes a good grade  
of goods. The sales on these brands  
have been so much larger than we an-  
ticipated that the factory has been  
obliged to increase the help and even to  
work overtime.""But I wish to make emphasis the im-  
portance of newspaper advertising. I  
believe in it as I never have before and  
as a medium for clever advertising I am  
convinced it has no rival."

## HIDDEN GOLD MINES.

There May Perhaps Be One In Your  
Own Back Yard.There may be a rich gold mine in  
your back yard if you happen to be  
living on the site of an ancient lake,  
writes Walden Pawcett in Technical  
World Magazine. In scores of places  
scattered all over the country there are  
rich and mounds of black sand and of  
rich gold, platinum and other pre-  
cious minerals may be extracted. The  
national government itself is the pro-  
prietor of this latest mining sensation,  
which promises to make as many over-  
night gold kings as the discovery of  
Alaska itself.It had long been known that platinum  
existed in marketable quantities  
in what are known as the "black  
sands" of the Pacific coast, but the  
deposits were practically useless be-  
cause of the lack of an efficient and  
economical method of concentration or  
treatment. It was to the solution of  
this problem that the government ex-  
perts applied themselves. As a first  
step a general invitation was extended  
to Pacific coast property owners whose  
holdings included such deposits to send  
to the government samples of the  
wealth bearing sand for free tests.From the very outset the results  
were both gratifying and surprising.  
The government investigators not only  
found platinum in quantities that ex-  
ceeded their expectations, but they dis-  
covered that the black sand, or sedi-  
ment, was rich in many other valu-  
able substances, notably gold. In some  
instances it was evident that a given  
deposit was well worthy of treatment,  
merely for the extraction of one or  
two minerals, as, for instance, a large  
shipment of the sand from Humboldt  
county, Cal., which showed an assay  
value of \$1,000 per ton in gold and  
platinum alone.Dr. Day and his assistants have ac-  
complished such wonders on the Pa-  
cific coast that the government has  
hastened to broaden the scope of the  
work, and an experiment station has  
been established at Chapel Hill, N. C.,  
for the treatment of the low grade  
gold deposits of the mid-Atlantic and  
southern states.

## Buenos Ayres.

Buenos Ayres today boasts rightly  
and truthfully of nearly 1,000,000 in-  
habitants. It is growing faster than  
any city in the United States excepting  
New York and Chicago, and the time is  
soon coming when it will run an even  
race with Paris as the first Latin city  
of the world. We have no place like  
it in North America. It might pos-  
sibly be described as having the beauty  
of Washington, the wealth of New  
York and the hustle of Chicago in well  
measured proportions. It can point to  
parks and boulevards more beautiful  
than any in Washington, opera houses,  
clubs, newspaper buildings finer than  
any in New York, street car systems  
and hotels better than those of Chic-  
go—New York Times.

## IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out  
With Herpicide.Ladies who have thin hair and whose  
hair is falling out, can prevent the hair  
falling out, and thicken the growth, with  
Herpicide. Herpicide. Besides, Herpicide  
is one of the most agreeable hair  
dressings there is. Herpicide kills the  
dandruff germ that eats the hair out at  
the root. After the germ is destroyed,  
the root will shoot up, and the hair grow  
long as ever. Even a sample will con-  
vince any lady that Herpicide Herpicide  
is an indispensable toilet requisite. It  
contains no oil or grease, it will not stain  
or dye. Sold by leading druggists. Send
